

THE SOCIAL SCIENCE FACULTY

INTRODUCTION

The Social Science Faculty is a collaborative and forward-thinking department that is focused on raising the attainment and progress of all students. We promote a supportive and inclusive learning environment in which both staff and students thrive.

CURRICULUM

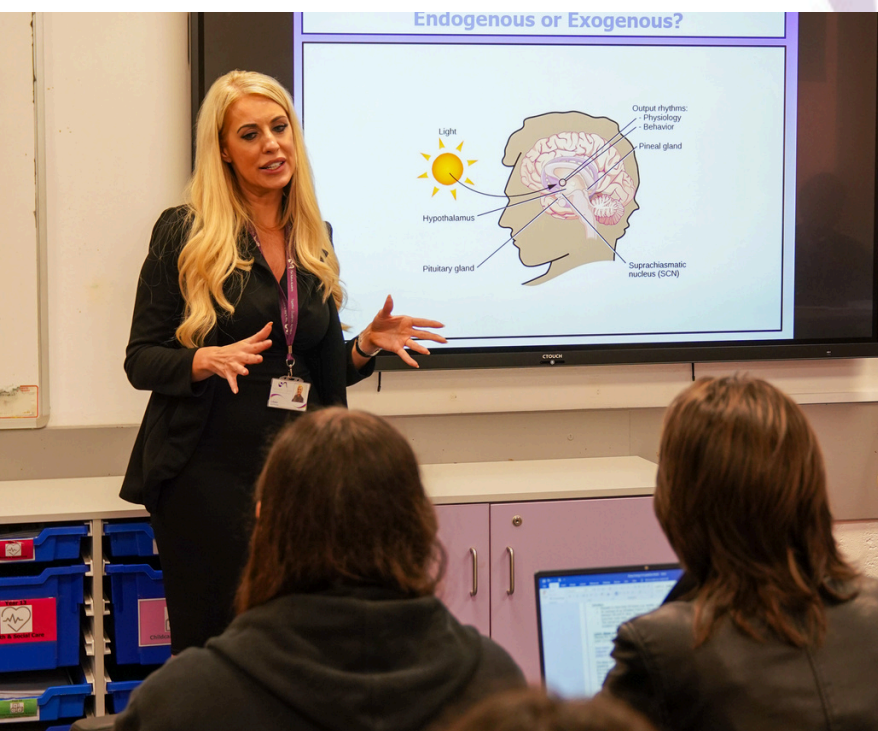

We currently follow CACHE NCFE courses in Health and Social Care at both Level 2 and Level 3 from year 10 through to year 13. Both Key Stage 4 and 5 courses are popular choices and pair well with our other offerings of Key Stage 4 and 5 Childcare, Key Stage 5 Criminology, Psychology and EPQ. Our courses provide rigour and challenge across academic and vocational fields to support student's progression on their chosen path.
