

2 December 2025

Dear Parent/Carer

Finance and Financial Management Assemblies

As part of the academy's commitment to delivering high-quality careers education, our Year 9 students will soon be taking part in a series of assemblies focusing on careers in Finance and Financial Management. We believe it is important that students are exposed to a variety of pathways and hear directly from employers about the skills and opportunities within the world of work.

We are pleased to share that the assemblies will be led by an employee from Deloitte, a global professional services firm recognised for its work in finance, consulting, audit, and risk management. Deloitte is widely respected for supporting young people and helping them understand the possibilities within financial careers.

The first assembly will take place on Wednesday 3 December, with the remaining two sessions planned for February 2026 and March 2026.

A small number of students will also take part in a separate financial management workshop after each assembly. These sessions are designed to deepen their understanding of budgeting and financial decision-making. Students will be informed directly if they are involved in any of the three workshops.

If you have any questions, please do not hesitate to contact me on the email address below:
