

Together Students Achieve

Principal: Mrs Alison Sherman

19 March 2020

Dear Parents and Carers

I suspect most of you have already seen the latest government announcement, which says that schools will close to all students at the end of Friday. Please be assured that we will be in touch shortly with details of work and other support available for students.

You will also have noticed that schools are going to be expected to stay open for certain groups of children, including those whose parents are classed as 'key workers' (for example, those working in the NHS or police). At this stage, there are still lots of questions about what exactly this will entail and aside from saying that we will of course do everything we possibly can to accommodate this, we are not in a position to say any more. We will, of course, communicate more information as soon as possible – and certainly before the end of the week.

Similarly, I realise that the announcement about examinations not going ahead as planned will be causing a lot of worry. Again, we know no more than you at this point and will pass on any information as soon as we receive it.

I appreciate your support and patience at this difficult time and please be assured we will do all that we can to support our students, staff and local community.

Yours faithfully

A M Sherman
Principal
