

The Sutton Academy

Together Students Achieve

Principal: Mrs Alison Sherman

Dear Parent/Carer

At The Sutton Academy we value the role of parents in supporting our students' education at home. To enable you to ensure your child has every opportunity to succeed in their academic study, we have reviewed how we keep you up to date with what your child is learning across all of their subjects in Year 7-11.

The academy webpage has now been updated to show you a timeline across Year 7-11 about what knowledge students have covered, what they are currently studying and what they will be studying next in each subject. The Curriculum Maps are available for each subject and each term within each academic year. They also give you information on how else you can support your child at home. This is not part of the homework that we currently set and there is no system to track and monitor if it is completed. Research shows that students benefit from a broad and interlinked curriculum and the tasks at home are linked to our curriculum and are designed to support students developing a well rounded education. We believe that this, in turn, will support in exam performance but more importantly in the development of the knowledge and skills that are needed to succeed beyond the academy and throughout life.

All of the Curriculum Maps are available via the school web page: Curriculum, Faculties/Subjects. If there are any queries, please do not hesitate to contact me or the Faculty Leader for each of the subject areas.

Thank you for your continued support.

Yours faithfully

P Willerton
