

Sharon Ewing – Pen Portrait – parent governor

My name is Sharon Ewing and I have been married for 17 years and I have 2 daughters, my eldest is in year 8 of this school and my youngest is in year 6 in primary school. I have previously worked as a Service Improvement Manager for a large housing organisation, so I could offer practical solutions to issues arising in school. I have also previously held the position of parent governor from 2013-2017 at St Austin's Catholic Primary school, therefore I fully appreciate the requirements of a parent governor to represent the views of all parents and to assist in the governance of the school. I would be very committed to the role of parent governor, as I am now self-employed with flexible working hours, so I could commit fully to meetings as and when required.
